

Louisville Public Media Board DE&I Meeting

May 14, 2019

In attendance: Tyler Allen, Stephen George, Kirsten Pfalzgraf

No quorum for minute approval from March 12. Those will need to be voted on in the next meeting.

George provided updates from DE&I training contractor

The staff handbook is being reviewed to ensure recruitment and hiring practices are optimized for getting diverse candidates, create survey instruments and report out, surveys to LPM members and other key stakeholders, quarterly presentations to the board and goal setting around all of the deliverables

Continuity will be important to the process - we want a long term engagement, as opposed to dropping in and training and then leaving.

Maybe there are opportunities for front end story engagement?

More will be forthcoming as training begins in the fall.

Meeting adjourned
